## OLD CRITTENDEN'S MINERAL OUTPUTS

The Month Of November Was A Record Breaker In Zinc Ores—Valuable Shipment of Logs

The mining and shipping of fluorspar, zinc, ores of both carbonate and sulphides, lead ores and barytes have, during this month, perceptibly increased in tonnage as well as values.

A large deposit of barytes of rather exceptional color and texture was opened during November by The Roberts Fluor Spar Company, and shipments are now being made. It is quite possible that additional machinery will be installed at this company's grinding plant for the purpose of preparing the barytes as a pigment instead of shipping the mineral in its crude state as at present. A comparatively limited additional expense will increase the value of barytes to the trade fully two hundred per cent.

Seven hundred and fifty tons of zinc ores have been shipped during the month from this point valued at \$20,000. Lead values were considerably less, amounting to \$1,200. The value of fluorspar shipments as compared with other seasons, will aggregate really more on account of its superior quality, much of it going into hydrofluoric acid production and for enamelling use. A very small tonnage of what is termed in the trade gravel or crude fluorspar has been moved on account of the shut-downs of most of the open hearth steel plants throughout the country, who consume in ordinary years fully 80,000 short tons. Shipments of fluorspar during the month, from this district aggregated 1,150 tons, of a value of \$10,350.

320,000 feet of oak and hickory logs, including a few black walnut, have been shipped from Marion and Crayne during the last eleven months. The price paid averaged \$20., per thousand feet and aggregated \$64,000.

### Postmaster Casner's

#### Condition Improving.

Postmaster Fred Casner, who was injured by a fall while fighting the fire Thursday morning, is slowly improving. He was severely bruised and shaken up when his head and shoulder struck the concrete crossing and it seems almost a miracle that he was not instantly killed. He has suffered much pain, but it is now thought and sincerely hoped that no complications will arise and that he will be able to be out in a few days.—Providence Enterprise.

### Approaching Nuptials.

Invitations are out announcing the approaching marriage of Miss Doris Dunn to Mr. Marvin Ellis Scyster, both of this city. The invitations already sent out read as follows:—

Mr. and Mrs. D. A. Dunn request the honor of your presence at the marriage of their daughter Doris to Mr. Marvin Ellis Scyster Tuesday morning, December, 8th at nine o'clock Methodist Episcopal Church, South Smithland, Ky.—Smithland Enterprise.

Mr. M. E. Scyster took part in the Boston—Pickens wedding and has many friends here. While his bride is related to many of our citizens, her mother having been Miss Addie Haynes before her marriage to Mr. Dunn, and is related to all of the large families of that name here.

## CRITTENDEN COUNTY GIRL MAKING GOOD

Bright And Beautiful Miss Todd Takes Lead In Springfield High School—Making Good Grades

To her parents and relatives and friends, and to the people of Crittenden county in general, it should be a source both of pride and gratification to know that Miss Trume Todd, the promising young fifteen year old daughter of Esquire W. E. Todd, a well to do and highly respected farmer in the eastern section of Crittenden county, is achieving remarkable success in the High Schools of Springfield, Illinois, making in many instances by far the highest grades.

Owing to her splendid record in the common branches by way of grades in Professor J. Y. Brown's Academy, at Providence Kentucky. Miss Todd was admitted to the Freshman Class of the Springfield High School last September without examination, and also without the necessity of presenting a diploma of graduation from the common schools of Kentucky, as she had never taken that examination. Her success thus far has even exceeded the most sanguine expectations of those who are most directly interested in her progress, and promises the attainment of a still higher standard in the immediate future.

Miss Todd's monthly grade in November for Algebra is 95%—5% higher than any other grade; Latin 96%, as good as any, and other grades in proportion. She has maintained a high standard from the beginning, and this fact is worthy of remark, considering her tender age, and also that the work is entirely new.

Young Miss Todd is decidedly a Crittenden county product. Her education has been almost entirely in the country schools of this county. She attended the Marion Schools for a short term, being known to many of the school children here as the sister of the former Miss Myrtle Todd who, at that time, was a teacher in our schools. She is making her home at 1500 South Spring Street, Springfield, with her sister and brother-in-law, B. T. Towery, who is the secretary of the legal department of the State Public Utilities Commission of Illinois.

You can't beat 'em—who?—the Boys and Girls of old Crittenden who go out into the world challenging the best at every turn and bidding for the highest success—and GETTING what they go after.

### Card of Thanks.

Through the columns of the Crittenden Record-Press, we take this method of expressing our heartfelt thanks to our many friends for the noble way in which they stood by us and so kindly assisted us during the last illness and death of our precious wife and mother.

We want especially to thank Bro. W. R. Gibbs for the long journey he made to come to us in an hour of great sorrow and for the splendid funeral sermon preached. We never can forget the kindness shown by all. May the richest blessings of God rest upon all.

sincerely,  
B. M. Vinson and Children.

## HELP THE STARVING BELGIANS

A Christmas Appeal to All Americans to Help to Send Xmas Gifts Worthy of America.

New York, Nov. 28th, 1914.  
Mr. S. M. Jenkins,  
Editor, Record-Press.  
Marion, Ky.

Dear sir:

Christmas approaches and to quote the President's Thanksgiving Proclamation "it has been vouchsafed to us to remain at peace with honor." The duty and the privilege remain of averting starvation amongst the Belgian refugees this winter and for this special purpose the Dollar Christmas Fund has been organized.

It is estimated to date that all the help subscribed in America—and it has been very liberal—including the wealthy Rockefeller Foundation—does not average more than a few cents for each destitute Belgian—enough to buy food for a few days!

The Dollar Christmas Fund has one great ambition—to see that every man, woman and child this Christmas shall have food, clothing and shelter. This great achievement is happily still possible and to this end we are working with the Christmas Fund of London which has collected for the same purpose nearly \$400,000. The co-operation of the two organizations has many decided advantages. It provides a safeguard against waste from overlapping. It enables our Fund to enjoy the guidance of members of the Belgian Government as regards the distribution of relief. All our workers are voluntary and every cent subscribed, after deducting the cost of stamps and stationery, goes direct to the Belgians.

Even if you have given to every other fund we beg you in the name of humanity to assist the Christmas Fund for which I appeal as Treasurer. Help to send a Christmas gift worthy of America—a tribute of sympathy from one people to another whose needs and sorrows are immeasurable.

If you realize that millions are literally faced with starvation, that children are still crying for food, shelterless women dragging their weary way to help, that aged men are homeless and shivering,—and this despite all that is being done—you will give before Christmas and give liberally.

England has received 300,000 of the refugees but there are unnumbered thousands still wandering in France and Holland besides those in stricken Belgium.

A fresh inabitation to our own peaceful Christmas in America will be lent if we relieve now the sufferings of innocent little children unoffending women and aged men and you may rest assured that no man's Christmas Day will be the less happy because in some cases the gift may entail some measure of personal sacrifice.

Let us remember at this crisis that "to pity distress is but human; to RELIEVE it is Godlike"

All contributions entrusted to me as Treasurer will be promptly and thankfully acknowledged. Send along your dollar—more if you can.

Yours very truly,  
Henry Clews,  
Treasurer, Dollar Christmas Fund for Homeless Belgians,  
Broad Street, New York.

## MR. DOSS NATION WINS GOLD MEDAL

In Declamatory Contest In Educational Division No. 3.—Miss Dempsey Wins 2nd. Prize

The Declamatory Contest of Educational Division number 3 was held in Belle's Mines church Friday evening, Nov. 27th. A very large and an appreciative audience was present.

After the house was called to order by the president, Mr. E. E. Phillips. Miss Bertha Rankin at the organ played a march as the contestants marched in, "With a Heart for Any Fate." Invocation, by Mrs. Jeff Holdman, was followed by a welcome address given by J. M. Davis.

A song, "Soldiers of the Flag" was sung by eight of the Green's Chapel pupils, then Master Alve Dempsey, of Green's Chapel, told us how his "Mother Taught Him to Tell the Time O'Day."

"Harvest Song" was well rendered by Walnut Grove school, after which, Master Rivers Searls in an interesting way recited "A Nawful Dream."

Walnut Grove pupils sang a Thanksgiving hymn, then Master Earnest Hina, of Green's Chapel, recited a poem about, "When Dad Was A Kid." Earnest was encored, then he told us to the "Three Calls" one from his mother, one from his father and the other from the trout brook.

Elaine Travis, entertained us a few minutes by reciting a poem after which "the fight was on" between the contestants for the medals.

"At School and At Home," was recited by Lillian Barnes of Green's Chapel; "The wrong Train," by Jerry Dell Rankins of Weston; "Too Late for the Train," by Zema Dempsey of Dempsey school; "Day Dreams," by Doss Nation of Post Oak; "They Put no Flowers on My Papa's Grave," by Mary Quartermouse of Hoods Creek; "A Pledge With Wine," by Jennie Rutherford of Walnut Grove.

All of the contestants deserve much praise for their accuracy in memorizing.

Lillian Barnes could not have acted more natural or recited with better expression, and many thought she would win first prize, but, on account of the brevity of her recitation, the judges, Misses Lillie Wilson, Iva Hicklin and Clara Nunn decided in favor of Doss Nation as winner of the gold medal, and the silver medal was given to Zema Dempsey.

Miss Hicklin, in a very impressive manner, presented the medals.

We wish to thank Miss Bertha Rankin for the excellent music with which she entertained the audience for a few minutes, and also to express our appreciation for the talk which Superintendent E. J. Travis made to the patrons in regard to having their children attend school regularly. "Uncle" Bob Adamson dismissed the audience and all departed for home.

Only six of the teachers in Division 3 have paid their tax, which is fifty cents, to aid in the disbursement of our school advertising fee. That doesn't sound very well as there are thirteen teachers in our Division. "Let us be up and doing."

The Secretary of Division 3 feels deeply obligated to "One Who Was Present," the writer of our school notes last week, for the write-up concerning our

## WARRING NATIONS BUY OF UNCLE SAM

\$400,000,000 Worth for Manufactured Goods Already Booked.—Business is Also Thriving

A huge river of gold—more than \$400,000,000 worth—will soon be flowing into the United States.

It will come as payment for war supplies which European nations have already ordered from this country. The figure of \$400,000,000, astounding as it is, covers only the values of orders for manufactured goods already booked, and is exclusively of cereals, provisions and normal exports.

Were the field of American industry as arid as the Sahara, it could hardly fail to grow fertile under the irrigation of so rich a stream of gold. But advices from all over the country show that normal domestic business, unaffected by war stimulus, is also beginning to thrive.

That is why big business men who a short time ago sat in the dumps, undisgustedly pessimistic over the business situation, have suddenly jumped up and hailed prosperity with a veritable explosion of enthusiasm.

Below are some contracts that American manufacturers have received from the warring nations: Bethlehem Steel company and the Fore River Shipbuilding company (contracts for field guns, ammunition and submarines) \$200,000,000.

September exports of foodstuffs (increased) \$29,704,245.

Harness ordered from South Bend, Ind., \$6,700,000.

The Studebaker Wagon company (wagons for England) \$6,500,000.

New York refiners sold in ten days 400,000 barrels of sugar, valued at \$6,000,000.

St. Louis is to furnish 20,000 horses, costing \$5,400,000.

The Ford, Packard and Federal Automobile companies (sold to the warring powers 3,500 motor trucks) \$4,250,000.

The Robin Hood Ammunition company, of Vermont (order for cartridges) \$2,500,000.

The Baldwin Locomotive Works (locomotives for Russia) \$1,500,000.

The Struss Saddlery, of St. Louis, (25,000 saddles) \$750,000.

Pittsburg will make for France shoes valued at \$650,000.

Reading, Pa., will furnish 600,000 hospital shirts, worth \$350,000.—Henderson Gleaner.

## KEEP YOUR GASOLINE AWAY FROM CHILDREN

Explosion Kills A Little Boy When Gasoline Vapor Is Ignited.—Boy Is Blown From Ground.

Charles Eddie O'Bryan, six years old, is dead as the result of placing a lighted torch in a gasoline can in the rear of his home, 1153 South Sixth street late Friday afternoon. The can exploded with terrific force and the boy was blown from the ground. He was burned horribly, but lived although suffering greatly until 8 o'clock Friday night. Windows in the neighborhood were shattered by the explosion.

The boy with his younger brother and sister, were playing in the rear yard. He found the gasoline can, which contained five gallons, upon the rear porch. The two younger children had entered a playhouse when the explosion took place and were not injured.

Employees of the Neil-Roach Dairy Company, the boy's mother, and neighbors rushed to the little fellow's assistance after the explosion. He was carried to the house and Dr. Charles Edelen summoned. After his death, Coroner Duncan was summoned and the body was removed to Schildt's undertaking establishment.

The boy's father, T. B. O'Bryan, is employed at the Boston Shoe Company.—Louisville Times

### Is Well Known Here.

Tackled and thrown to the ground by a 240-pound player during a football game at Corydon, Ky., two weeks ago cost Albert Schnabel his right leg. The young man, who is 19 years old, was taken to Evansville, and his leg amputated. His father was formerly mayor of Corydon. In fourteen games that young Schnabel played in this season he was injured twelve times.—Henderson Gleaner.

### Reminds One of The Editors Daily Routine

We have received the following self-explanatory epistle:

"Dear Sir: I want to tell the people what a snap a chauffeur has who is in the family of an almost-rich man. I am a chauffeur, and, believe me, there is nothing to it but one round of pleasure. All I have to do during the day is this:

"Wash and polish the car before breakfast.

"Take the old man to his office.

"Return and get my breakfast.

"Make repairs on car.

"Help with the housework.

"Mow and rake the lawn.

"Curry three horses,

"Go and pick up luncheon guests.

"Help serve in the dining room.

"Wash the dishes.

"Take the missus out calling in afternoon.

"Go and pick up a lot of friends.

"Act as butler during dinner.

"Take the family out riding in the evening.

"Take care of the horses for the night.

"Put the car away.

"Then nothing to do till tomorrow, and then repeat." It's a gay life. "Yours, Pierre."

### When Slaughter Is Done

This is a possible Associated Press story of, say, 1918:

"Steamship companies are beginning a vigorous campaign to increase emigration from the populous United States to the sparsely settled countries of Europe.

"The opportunities for home seekers and settlers in the Great Plains of France and Germany are pointed out to be very great. Rich alluvial lands along the rivers of these countries offer tempting inducements to the homesteaders. Not only Americans from the congested cities; farmers of Missouri, Kansas and Illinois can well afford to sell their expensive acres and buy the cheap lands of Europe.

"Here, the steamship companies say, is the best field for the world-wide back-to-the-soil movement. Europe is calling for men for producers, to fill up its vast vacant spaces."—Gleaner.

### Two Thousand Idle Men

Have Gone Back to Work

Chicago, Dec. 1.—Two thousand men, who were thrown out of employment early last spring returned to work at the South Chicago plant of the Illinois Steel Company today when the rail and structural mills were reopened.

Arthur H. Young, superintendent of labor at the mills, was authority for the statement that the mills would be running to capacity within a few weeks.

### Aeroplane Destroyer

Now Promised

New York, Dec. 1.—The day of the flying destroyer is here. Five thousand military aeroplanes are on their way to the scrap heap.

In this city John E. Sloane, builder of aeroplanes, son-in-law of Thomas E. Edison, has taken up the problem of building the "destroying angel," and from a preliminary drawing which has been made of its plans the description is given.

The new winged destroyer gives warning at a mile or more of its approach, in a vibrant, far-reaching roar, as the big tractor blades at the bow whirl, the screw being driven by an engine of 200 horse power, confined in a space scarcely larger than a flower barrel. The screw is ten feet or more in diameter and draws the destroyer behind it at 115 miles an hour.

A hood of light steel armor rises in front. Another shelters the gunner and the mounting of the machine gun. Weapon and man find a place on the upper wings, where the gun is high enough to clear the big tractor-screw in firing ahead, and finds a clear field of fire in any direction.

Safety for the ordinary unarmed flying scout from the winged destroyer lies only in descent to friendly shelter within his own lines. Suppose he is hovering above the enemy and discovers the approach of the destroyer a mile away. He turns in flight for his hanger at his usual speed of a mile a minute. In a minute he finds the enemy, has covered and two-thirds and is darting at him only a third of a mile away, spouting death from a rapid-fire gun. Just another ten seconds serves the "destroying angel" to wipe out the intervening distance if the combat has not already been decided by the gun. A rain of steel projectiles striking the fleeing craft disables engine and aviator.

### Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 139 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Peruna. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Peruna. It surely is the best medicine for colds, stomach trouble and catarrh that I ever heard of."

### Over 1,000,000 Bushels of Wheat for Europe

Chicago, Dec. 1.—More than one million bushels of wheat were sold Monday for export to Europe, and the total export sales from the United States came near to the 2,000,000 bushel mark. St. Louis and Omaha each reported 100,000 bushels sold for export, and a big foreign demand was reported at Kansas City and seaboard points.

Much of the Chicago wheat and 120,000 bushels from Milwaukee were shipped to the seaboard by rail because of the scarcity of lake vessels. Local exporters sold 400,000 bushels of corn and 50,000 bushels of oats.

### "Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

## THE PATRIOTIC DOLLAR

CONGRESS DECREES DOLLARS INDULGING IN LUXURIES MUST FIRST SALUTE THE FLAG.

War Revenue Tax of \$105,000,000 Levied—Beer Bears Brunt of Burden.

Congress has levied a war tax of \$105,000,000 to offset a similar amount of loss on import revenue due to the European disturbances and of this amount beer is the heaviest contributor, having been assessed approximately \$50,000,000; a stamp tax on negotiable instruments, it is estimated, will yield \$31,000,000; a tax on the capital stock of banks of \$4,300,000 and a tax on tobacco, perfumes, theater tickets, etc., makes the remainder.

Congress has decreed that the brewer, the banker and the investor must shoulder the musket and march to the front; that milady who would add to her beauty must first tip Uncle Sam, and a dollar that seeks pleasure must first salute the flag; that Pleasure and Profit—the twin heroes of many wars—shall fight the nation's battles and by an ingeniously arranged schedule of taxation congress has shifted the war budget from the shoulders of Necessity to those of Choice and Gain, touching in its various ramifications almost every line of business.

All hail the dollar that bleeds for its country; that bares its breast to the fortunes of war and risks its life to preserve the stability and integrity of the nation's credit.

The market place has always been a favorite stand for war revenue collectors. The trader is a great financial patriot. His dollar is the first to rally around the star-spangled banner and the last to hear the coo of the dove of peace. He is called upon to buy cannon; to feed and clothe the boys in blue and each month cheer their hearts with the coin of the realm. Men can neither be free nor brave without food and ammunition, and money is as important a factor in war as blood. Many monuments have been erected in honor of heroes slain in battles, poems have been written eulogizing their noble deeds and the nation honors its soldiers while they live and places a monument upon their graves when they die, but very little has been said of the dollar that bears the burden of war.

Honor to the Dollar that Bears the Burden of War.

All honor to the dollar that answers the call to arms and, when the battle is over, bandages the wounds of stricken soldiers, lays a wreath upon the graves of fallen heroes and cares for the widows and orphans.

All honor to the industries that bend their backs under the burdens of war; lift the weight from the shoulders of the poor and build a bulwark around the nation's credit.

All honor to those who contribute to the necessities and administer to the comforts of the boys who are marching; cool the fever of afflicted soldiers and kneel with the cross beside dying heroes.

A dollar may fight its competitor in business, industries may struggle for supremacy in trade and occupations may vie each other with envy or suspicion, but when the bugle calls they bury strife and rally around the flag, companions and friends, mess mates and chums, all fighting for one flag, one cause and one country.

The luxuries in life have always been the great burden-bearers in government. We will mention a few of them giving the annual contributions to the nation's treasury: Liquor, \$250,000,000; tobacco, \$103,000,000; sugar, \$54,000,000; silks, \$15,500,000; diamonds, \$3,837,000; millinery, \$2,479,000; furs, \$2,024,000 and automobiles, \$870,000. We collect \$665,000,000 of internal and custom revenue annually and \$450,000,000 of this amount classifies as luxuries, and to this amount we should add the \$100,000,000 war tax now levied.

The war tax is immediately effective. Tramp! Tramp! Tramp! The industries are marching \$100,000,000 strong and beneath the starry flag they will fill the treasury again while they shout, "Hurrah for Uncle Sam!"

In every field of human activity the demand for more competent men and women is growing every day. Especially so in agriculture.

Home pride is a mighty valuable asset, and the farmer who has none is carrying a heavy handicap on the road to success.

Work is the salve that heals the wounded heart.

There are five in the Kellogg-Haines Singing Party—three gentlemen and two ladies. Much of their program is given in elegant and appropriate costumes. Some of these numbers are the

best examples of humor and wit that good literature has to offer. Scenes are also given in grand opera.

The chief claim that is made for this company is that they present entertaining concerts of such solid musical character and fresh wholesomeness that they are sure to captivate the musical laymen, while winning admiration from the musical critic of the severest type.

It is doubtful if any other mixed quartet in America can approach the Kellogg-Haines Party in that sinking

of individuality and perfect blending of voices that comprise ideal quartet work. It is heard in the singing of the foremost male quartets.

Professor Charles A. Froessner, superintendent of the New Albany (Ind.) Chautauqua, says, "The Kellogg-Haines Singing Party have given the greatest satisfaction of all the musical organizations that have appeared at our assembly in the last four years."

### An Iron Bridge Over Deer Creek.

As we stated in one of our former issues that the fiscal court met in October appropriated \$550 to help build the iron bridge across Deer Creek, just above Carrsville. We think this a wise move and if the officials of Crittenden county will come with their part the bridge will soon be erected which will open a fine body of farming land. The proposed road will be appreciated by many who live in that section of the country as they have never had the pleasure of a public road, —Livingston Enterprise.

### Leo Frank Refused New Trial By Supreme Court.

Atlanta, Ga., Nov. 24.—The State Supreme Court today refused a new trial to Leo M. Frank, convicted here August 25 1913, for the murder of Mary Phagan. Frank's motion for a rehearing was based on the ground that his constitutional rights had been violated by reason of his absence from the court room when the jury returned its verdict.

First Ship Through Canal

Carries 50,000 Medals.

Frankfort, Ky., Nov. 14.—When the "Cristobal," the first ship to make the ocean-to-ocean trip, navigated the Panama Canal August 3, it carried 50,000 medals, designed by Miss Elizabeth Rodman, daughter of the late Thomas Rodman, of Frank-

fort. Miss Rodman now lives in California, and originated the idea of the first ship through the canal, carrying medals as souvenirs of the occasion. The design on the medals is idealistic, representing Columbia uniting the Atlantic and Pacific oceans, as she stands on the prow of a caravel.

Flower of German Army

Slaughtered in Flanders.

London, Nov. 24.—With practically all the flower of his army slaughtered in futile attempts to crush the Allies the Kaiser today hurried forward a new mass of troops, mainly second and third line reservists, for a renewal of the campaign to capture Dunkirk and Calais. Thus re-enforced the Germans delivered a terrible onslaught against the Franco-Belgian army at Nieuport, only to be driven back once more in utter defeat. The Germans appear to have launched their last despairing attack on Ypres, which the British army continue to hold, a fact of the greatest importance, as Ypres controls the most important highways and railroads leading to the French seacoast. Dispatches from trustworthy sources in Holland declare the Germans are evacuating Dixmude.

THE RURAL CHURCH

THE FARMERS THE CUSTODIANS OF THE NATION'S MORALITY.

Co-operation of Church, School and Press Essential to Community Building.

By Peter Radford Lecturer National Farmers' Union.

The church, the press and the school form a triple alliance of progress that guides the destiny of every community, state and nation. Without them civilization would wither and die and through them life may attain its greatest blessing, power and knowledge. The farmers of this nation are greatly indebted to this social triumvirate for their uplifting influence, and on behalf of the American plowmen I want to thank those engaged in these high callings for their able and efficient service, and I shall offer to the press a series of articles on co-operation between these important influences and the farmers in the hope of increasing the efficiency of all by mutual understanding and organized effort. We will take up, first, the rural church.

The Farmers Are Great Church Builders.

The American farmer is the greatest church builder the world has ever known. He is the custodian of the nation's morality; upon his shoulders rests the "ark of the covenant" and he is more responsive to religious influences than any other class of citizenship.

The farmers of this nation have built 120,000 churches at a cost of \$750,000,000, and the annual contribution of the nation toward all church institutions approximates \$200,000,000 per annum. The farmers of the United States build 22 churches per day. There are 20,000,000 rural church communicants on the farm, and 54 per cent of the total membership of all churches reside in the country.

The farm is the power-house of all progress and the birthplace of all that is noble. The Garden of Eden was in the country and the man who would get close to God must first get close to nature.

The Functions of a Rural Church.

If the rural churches today are going to render a service which this age demands, there must be co-operation between the religious, social and economic life of the community.

The church to attain its fullest measure of success must enrich the lives of the people in the community it serves; it must build character; develop thought and increase the efficiency of human life. It must serve the social, business and intellectual, as well as the spiritual and moral side of life. If religion does not make a man more capable, more useful and more just, what good is it? We want a practical religion, one we can live by and farm by, as well as die by.

Fewer and Better Churches.

Blessed is that rural community which has but one place of worship. While competition is the life of trade, it is death to the rural church and moral starvation to the community. Petty sectarianism is a scourge that blights the life, and the church prejudice saps the vitality of many communities. An over-churching community is a crime against religion, a serious handicap to society and a useless tax upon agriculture.

While denominations are essential and church pride commendable, the high teaching of universal Christianity must prevail if the rural church is to fulfill its mission to agriculture.

We frequently have three or four churches in a community which is not able to adequately support one. Small congregations attend services once a month and all fail to perform the religious functions of the community. The division of religious forces and the breaking into fragments of moral efforts is oftentimes little less than a calamity and defeats the very purpose they seek to promote.

The evils of too many churches can be minimized by co-operation. The social and economic life of a rural community are respective units and cannot be successfully divided by denominational lines, and the churches can only occupy this important field by co-operation and co-ordination.

The efficient country church will definitely serve its community by leading in all worthy efforts at community building, in uniting the people in all co-operative endeavors for the general welfare of the community and in arousing a real love for country life and loyalty to the country home and these results can only be successfully accomplished by the united effort of the press, the school, the church and organized farmers.

KENTUCKY WOMAN SUFFERED FROM STOMACH ILLS, QUICKLY RESTORED

Mrs. Belle Hawkins Uses Mayr's Wonderful Stomach Remedy— "Never Felt Better in My Life."

Mrs. Belle Hawkins, Eminence, Ky., was a victim of stomach disorders. She took a great deal of treatment and medical attention.

At last she tried Mayr's Wonderful Stomach Remedy and got real results. In a letter telling of her experience she said: "I have taken all the medicine I ordered of you and will say it has done more good than all the doctors and medicine I ever tried. I don't really think I need any medicine now, as I think I am well. I never felt better in my life. If I ever should need any medicine I know where to get it." That is a typical letter, taken is one among the thousands from the users of

Mayr's Wonderful Stomach Remedy. The first dose proves—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Forty Thousand In One Grave.

Amsterdam, Nov. 25.—The Nieuwe Rotterdamsche Courant quotes a letter from a Galician priest stating that 40,000 Austrians have been buried in one day in a grave six and one-half feet wide and a little more than four miles long. The bodies, the letter says, were laid next to each other in three layers. These men were killed it is stated, during a battle lasting only a few hours.

Mediation Is Urged.

Amsterdam, Nov. 24.—The Handelsblad in an editorial urged Queen Wilhelmina to consult with President Wilson on the possibility of offering mediation to the belligerent powers.

It is rumored here that Henry Van Dyke, the American minister to Holland has returned to the United States in this connection.

Gary Mills Resume Working.

Chicago, Ill., Nov. 24.—Five thousand men with dinner pails walked into the steel mills at Gary Monday morning at eight o'clock after an idleness of several weeks.

The mills will start to turn out steel and iron products for the first time since the outbreak of the European war. Prior to the war only a small force of men was kept at work.

In the opening the officials of the mills see the return of a fair degree of prosperity. They expect business to improve considerably in the next few months. "The bottom has dropped out of the business depression in the United States," an official said. "From now on we expect an upward trend in the business thermometer all over the nation."

How To Give Quinine To Children.

FERRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. It is especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try the next time you need Quinine for any purpose. Ask for 2-ounce original package. The name FERRILINE is blown in bottle. 25 cents.

Indian Troops Pass France.

Paris, Nov. 24.—Twenty-five thousand Indians troops, cavalry and artillery passed through Paris to-day from Marseilles to the front. They included the cream of the British Empire's mounted forces in India. The Indians who arrived in Marseilles on transports Thursday, were given a day to get rid of their "sea legs," after having spent twenty-three days upon the water during the long voyage from Bombay.

Turkey Offers Satisfactory Explanation.

Washington, Nov. 25.—Turkey has voluntarily explained to the United States government through Ambassador Morgenthau that the shots fired toward the launch of the American cruiser Tennessee last Monday, were intended merely as the customary warning that the port of Smyrna was mined and closed to navigation.

Com To Marion If Hungry.

Evansville, Ind., Nov. 25.—A famine faces many of the towns along the lower Ohio river between this city and Paducah, as no boats are running because of the low water stage. Reports from Elizabethtown, Ill., say that the entire countryside is in darkness at night because oil cannot be had. Opposite Carrsville, Ky., the spar mines have closed down because of lack of gasoline to run the machines. Food supplies are running low in many towns along the lower river. Salt, pepper, sugar and other staples are now looked upon as luxuries in many of these towns.

CALL FOR AMERICAN HORSES

Its An Ill Wind That Does not Blow Good to Some One

England is in the American market for 10,000 horses. Dealers, as a result of the war demand, are reaping a big profit. More than 5,000 head have been purchased in Pennsylvania and adjoining states, and the price the foreign buyers are paying ranges from \$400 to \$600 a head. Shipments are made to London for delivery.

A special train of twenty-seven cars filled with horses bought in the west for French cavalry purposes, recently arrived in New York from St. Louis. Each car contained an average of 25 horses, which would make the total shipment more than 675 horses. It is stated that these horses will be transferred to a transport and under convey of a French cruiser, will be conveyed to France.

A number of horses were purchased in Springfield, Ky., last week at prices ranging from \$100 to \$130 per head for cavalry purposes.

Nineteen horses were purchased at Lebanon, Ky., last week at an average of \$125 for the cavalry by Harbison, Jewell & Patterson.

It is estimated that 1,000,000 horses are being used in the European conflict and if the war is prolonged, the demand for horses in United States will be very strong. Such being the case, the price of horses the world over will be high.

Operation Is Necessary to Remove Cocklebur.

Owensboro, Ky., Nov. 25.—While chasing a calf, young Ernest Armstrong of near Yelvington, fell and was covered with cockleburs. While trying to remove them from his gloves with his teeth he accidentally swallowed one of the burrs and it lodged in his windpipe. An operation was necessary to remove the burr.

**A Few Lines to The  
Crittenden Record-Press.**

Jacksonville, Fla., Nov. 26, '14.  
Dear Mr. Editor:

If you don't care to be bothered with a Kentucky corn cracker for a short time, I will send you a few lines for publication.

We arrived in Jacksonville the 18th, at 8:10 a. m., and went out to Walter's and ate breakfast, then found a hoe and worked in the garden, I mean a sure enough

garden; I hoed potatoes about four inches high, beans with blooms on them, beets, radishes, and tomatoes, and transplanted some tomato plants, and sure it felt like a sunshiny May day in old Kentucky. That was on Wednesday and Friday night we had some frost and some ice, and you ought to have been here to see those Florida crackers shiver. They put on their overcoats, muffs and gloves. Well I guess it was a little cool on them, but nothing to a Kentuckian. All the fruit and gardens are injured as far south as Miami, but at this writing children across the street from me, are playing without shoes and stockings and have on light clothing.

We worshiped with the Wood-lawn ave., Baptist church last Sabbath, and was glad to be with them. We felt like we were at home. We could not help it for the reception was so generous—Baptist like, you know.

Well, we think Florida is a good country to live in as it does not require much clothing, and oysters are so cheap. We are faring fine. We went down to Fernandina yesterday and brought home fresh oysters in abundance.

We find the people here are refined and sociable, like all the southerners. And last but not least they sure raise babies down here; alligators and rattle snakes are a secondary matter with them, for babies are of more importance.

If I see this in print I may write again. Best wishes to the Record-Press.

D. J. GREEN.

#### Madisonville Is Hauling Water.

Henderson, Nov. 25.—Two heavy trains of water are being sent daily from this city to the town of Madisonville to supply the coal mines and factories at that place. One train of many tanks is sent down the L. & N. each morning and another at night. The tanks are filled at Fourth and Main streets each morning and a long string of cars can be seen waiting to be filled.

Madisonville built a new and larger municipal lake last year which was supposed to be large enough to furnish the town with plenty of water, but which has failed to come up to expectations. This is the third year, hand-running, that Madisonville has been forced to secure water from the Ohio river at this place.

Thursday a delightful Thanksgiving Dinner was given in honor of Mrs. Lewis Guess and

sons Herbert and Herschel of Piney Fork, by Mrs. Bertie W. Tucker of Shady Grove. After eating a lot of good apples, games were played by the children, then came a most appetizing dinner to be served consisting of pies, cakes, and pickles, baked apples, potatoes and pork, baked ribs, jellies and preserves, hot biscuit and coffee, and a lot of other good things to numerous to mention, those who enjoyed Mrs. Tucker's hospitality were—Mr. John Tucker and wife, Mrs. Rosa Tucker, Mr. B. W. Tucker and son Eugene.

Mrs. Lewis Guess and son Herbert and Herschel of Piney Fork, they were joined in the afternoon by Mr. John Lewis and Collie Roy Brown, all enjoyed themselves, and had a delightful time.

Miss Katherine Yandell was hostess to the Wednesday Bridge last week.

Refreshments of delicious fruit salad, wafers, sandwiches and coffee were served.

Besides the members Messdames J. S. Henry and G. P. Roberts and Miss Kitty Gray were present.

#### Our Fallen Comrades.

How important it is, that we should be ready at a minute's warning, for we read that "Ye know not the day or the hour."

Just the other day, I was down at old Hurricane camp-ground, and was walking around over the church yard and thinking of the battles that had been fought for the Master, and the victories won by so many of our veterans of the cross. Such men as Bros. J. T. Yates, W. T. Moore, J. W. Minner, R. C. Love, S. K. Breeding, B. A. Cundiff, R. Y. Thomas, J. L. Edgington, J. V. Guthrey, John B. Perry, G. W. Crumbaugh, T. C. Frogge, John P. Hogard, J. W. Bigham, W. W. Hopper, U. E. Ramsey, J. J. Smith and many others that I will not mention at present, however, I will mention one colored man, Bishop Miles. All of these men have preached at Hurricane, as have others, such as Swope, Powell, A. A. Niles, Sheffer, Harney, Sitten, Robert Lear, Charles Lear, G. Y. Wilson and

A. Royster.

After studying one of these battles that had been fought, I then made my way up to the old cemetery on the hill and there I found some of my old comrades resting from their labors and waiting for the summons, "Come forth." Such men as S. F. Crider, J. W. Guess, Rev. Robert Clark, J. W. Kimsey, J. B. Perry, my wife and brother, G. A. Terry and a great many others that have fallen in the line of battle, also J. Stone, old Bro. Phillips, James Love and W. I. Beard. Oh, what a host of these I have named was in the same company with me. Bless their memory forever. More to think of these dear comrades, oh; how it brings up the very life and the presence of the ones we used to love so well. To go the very alter where these dear brothers and sisters have stood and preached, prayed, sung and shouted the praises of God and then to think of the thousands of souls that have been saved from sin, by their influence. Just think of some of these that were converted at Hurricane are in California, some in Florida, some in Illinois, some in Indiana, some in Missouri, some in Kentucky, some in New Mexico, then do not tell me that Old Hurricane is not a great place. But we have heard their voices for their last time, that is, some of them, yet their memories are still fresh in our minds, as if we had seen them yesterday.

How their lives inspired us to do our best and to push the battle to the very gates of the enemy. To think of these dear brothers and the many battles they have fought and won the victory, it puts new life into our souls. So let us take fresh courage and press on until God says to us. It is enough, come home, as He has said to others. You can see why it is, I say old Hurricane is the dearest place to me this side of heaven. When I think of these dear friends, it makes me feel like saying, "Glory," when I think of the blessed meetings we have had with Bros. Guess, Yates, Crider and Moore. Never can I forget these precious men of God, no, a thousand times no; would to God that we could have some

such men as they were, we could take the country for God, we could pay our preachers well. But, alas, these men are gone from us and I can truthfully say, I miss them.

May the Lord take these few lines and impress these thoughts upon some souls to take fresh courage and do our best this year for God and for the good souls. This is my prayer that God will use me for His glory. Bless His dear name, forever.

Yours for God,  
JAS. T. TERRY.

A beautiful Thanksgiving wedding was consummated at the home of Gordon Mathews near Frances, Cash Rolston and Miss Ethel Tabor of Frances being the happy contracting parties.

Miss Ethel is the accomplished adopted daughter of Mr. and Mrs. Mathews, having the care of her from early childhood.

Mr. Rolston was reared in that section and very naturally turned that way when thoughts of love came flitting around.

In early manhood he found employment in St. Louis, having held one position continuously for ten years, and still holds it. All who know his charming bride, cantestify here in is his greatest success.

Delightful refreshments were served by Mr. and Mrs. Mathews.

They will leave soon for St. Louis, followed by best wishes of their many friends.

R. A. LaRue.

**Offers Prayer Then Leaps  
From Burning Home.**

Trapped in his home with fire blazing all about him. Edward Finn, a young boy, hesitated on the window ledge, long enough to offer up a prayer for safety, in response to his mother's admonition, then leaped to the ground below a distance of 35 feet a moment before the rear of the building collapsed. He escaped unhurt.—Frankfort Journal.

## DEATHS

### ADA ROBINSON WATT—

Mrs. Arthur S. Watt formerly Miss Ada Robinson of this city and later of Nashville, Tenn. died at El Paso, Texas whither her husband had taken her in the hope of benefitting her health. The end came Monday the 23rd, inst. at midnight. Her husband and mother were with her, and had been constantly, since the fatal malady, tuberculosis, had so seriously attacked her lungs. Her remains were laid to rest in El Paso. Mrs. Watt had many friends here who remember her pleasantly and who will regret her untimely death.

### MRS. RHODA FRITTS—

Mrs. Rhoda Fritts relict of J. J. Fritts, died Sunday night at 8:30 o'clock at her home between Matton and Repton. She was a Miss McCormick and was born in Roane county, Tennessee March 22, 1832 and was therefore in her 83rd. year. Her husband died 45 years ago and left her with a large family, to care for and look after. She is survived by 7 children.

Josiah, of Repton, Mary, wife of Eph Fulkerson, of Illinois, John A. Fritts, of Repton, Mahalia, wife of P. C. Gilbert, of the county, Maggie, wife of Gail Ford, of this county, Albert A. Fritts and Ida Fritts. The latter two living at home; neither being married.

The funeral and interment was held Tuesday at noon at Crooked Creek cemetery, Rev. W. R. Gibbs officiating. She was a member of Crooked Creek church and had been for over fifty years. She was a kind hearted soul and was loved by a large circle of acquaintances. Peace to her ashes.

### MRS. B. M. VINSON—

Sarah Josephine, daughter of Rev. and Mrs. E. B. Blackburn, was born near Walnut Grove, Caldwell Co., Sept. 12th, 1858. Professed faith in Christ at an early age and united with Walnut Grove Baptist church, where she remained a faithful member until death; denying herself, taking her cross daily; and following her Master; letting her light so shine that the world could read in her Christ the hope of glory.

She was married to B. M. Vinson Jan. 17th, 1877. God blessed this union with ten children, five boys and five girls, of which all are married except the two youngest. Their names are as follows:—Mrs. Mollie Phelps, Mrs. Lucy Vinson, James F. Giles C. W. McCoy, J. Lee Roy and Miss Iva Vinson, all of Caldwell county, Mrs. Edna Hodge and Jennie Belt, of Crittenden county, and Harvey B., the eldest son, who has resided in the state of Washington for the last nine years. He being the only one absent at the time of her death.

She departed this life Nov. 27, 1914, being afflicted with heart trouble for several months. She bore her afflictions with great patience and was cheerful to the end.

No man was ever blest with a truer and nobler wife than was her husband; no duty was too stern for her if it would add to his pleasure.

She was a loving and devoted mother, always giving the best of advice and instruction to the children God had given her.

Besides husband and children, she leaves an aged mother, two brothers, Thomas W. Blackburn, of Caldwell county, W. A. Blackburn, of Paducah, and one sister, Mrs. U. G. Hughes, of Marion, to weep for her.

The funeral took place from the Walnut Grove church of which she was a member Sunday, Nov. 29th, at 11 o'clock a. m., conducted by Rev. W. R. Gibbs, a devoted friend and co-worker in the ministry with her deceased father, after which the body was laid to rest in the Asher cemetery to await the call of her Master.

We would say to the bereaved ones, prepare to meet her in that better land where there will be no more sorrow or pain, and where God, Himself, shall wipe all tears from our eyes.

## In Memory.

Loren Cook Holloman was born in Crittenden county, Ky., Sept. 7, 1900. His parents were Mr. and Mrs. J. T. Holloman. They lived for some time at Crayne. From there they moved to Marion and lived here for several years. Mr. Holloman was cooper at the spar mill for quite awhile.

Loren died at the home of his parents 908 South fifth St., Paducah, Ky., Oct. 7, 1914, aged fourteen years and one month. He was affected with spinal trouble and lived only six days from the time he was taken. All was done that could be done by human hands and good physicians to avert his death, but all to no avail.

Loren, while living in Marion, was a regular attendant of the Main Street Presbyterian church. He was faithful to attend Sunday School and always knew his lessons well. He was a quiet, gentle child and loved by all that knew him. He was received into the Kentucky Ave., church before his death and baptized by Rev. J. B. Robinson, the pastor. The funeral services were held at the church by the pastor.

Loren is gone, but he has left behind him an influence that will bid others come on. What an encouragement to his Sunday School teacher who help lay the foundation for a sweet Christian life. In the very dawn of his young life he has been plucked from the earthly garden and transplanted to The Eden on high. He bids his school master and associates, "Come up higher." What a comfort to parents, brother and sister that his sweet life is not in vain, but they have a light in the windows of Heaven beckoning them homeward.

## MISS MACIE MELTON WINS GOLD MEDAL

In Declamatory Contest In Educational Division No. 3—Miss Jocie Snow Wins Second Prize.

The Declamatory Contest, of Educational Division No. 4, was held at Hoods School House, on Thursday night, Nov. 26th., a large crowd being present.

After a welcome song by Hoods School, and invocation by Bro. Tally, the welcome address was given by Miss Mina Travis and response by Mrs. Alpha Todd.

Hoods school entertained for a short time, then the speakers of the evening were introduced, and all were highly complimented on the splendid manner of delivery of their declamations.

When the speakers were thru, Hoods Band entertained the audience while the judges, Mrs. Letha Morrow, Miss Lillie Wilson and Prof. Fred McDowell, came to a decision. The judges, after some little time, decided in favor of Miss Macie Melton, of Hoods, who received the gold medal, the silver medal going to Miss Jocie Snow, of Enon.

After the song, "God Be With You 'Til We Meet Again," the audience was dismissed by Bro. Tally.

## A Fire On Thanksgiving.

Thursday just as every one was enjoying Thanksgiving Dinner the fire alarm sounded over Marion and caused considerable excitement. A rush was made by all the faithful fire fighters in the direction of the blaze and it was found to be an old double walled ice house on fire on the Croft lot on Bellville street. It caught from some one burning leaves and grass on the lot and placed several large stables and residences also in jeopardy. The prompt action of the volunteers in turning over and moving an adjoining out building checked the spread of the fire, but the ice house was consumed.

It belonged to Mrs. M. E. Croft and there was no insurance.

## BRAIN LEAKS.

Little Annoline Ray came home from her first visit to Sunday School, carrying a small sack of candy.

Why, Annoline, where did you get the candy? asked the family, who gathered to hear her experience. Annoline looked up in surprise. I bought it with the nickel you gave me, she said, the superintendent met me at the door and got me in free.

The parson of a country church tenderly announced that he had received a call from another field. At the conclusion of the service the parson was approached by one of the deacons. I have been thinking about the announcement you made parson, said the deacon. Are they offering you any more money in that new field? Oh yes, brother, was the prompt rejoinder of the parson, three hundred dollars.

Well, I don't blame you, parson, thoughtfully returned the deacon, but in making the announcement you did not use the right term—that isn't a call, it's a raise.

John Dunning stepped into Mr. Myers barber shop to get a hair cut, after he had sat for a few minutes the barber began to tell some of his jokes.

John said: Stop. Why do you insist upon telling me those horrible blood-curdling stories.

I am sorry, sir, said the barber but when I tell stories like that, the hair stand up on end and makes it much easier to cut, sir.

When you proposed to Mattie, asked Steve, did you tell her you were unworthy of her?

No I didn't, replied Tom. I was going to do so, but she told me first.

George Loyd received a box of marshmallows from his girl, by mail. He reports them as tasting pretty fair but says they ought not to have so much talcum powder on them.

Gus Bentley says another great trouble with the world is that everybody thinks everybody else's business is more important than his own.

Marshall Jenkins says if the people would send in a "lost advertisement" every time they lost their temper, the Record-Press would have to issue a 9000 page sheet every day.

Oscar Hibbs, of Cairo, says when the Boss wants to pay you a compliment the mail is speedy enough, but when he wants to kick about your work he has to use the telephone.

Sam Howerton says the bartender is the only man who can mix his drinks and hold his job.

Einey Watson says when mother is sick father knows it isn't anything serious, but when father gets a stomach ach he wants all the doctors in town and two or three nurses, and insist that a bulletin board be placed on the street to let the world know his condition.

Newt Dollar says if the women keep on making advances in the special scenery they put on their faces, there won't be enough putty and paint left for the house builders.

Albert Elder says the reason why a man brings his wife a two-lits box of candy and pays \$2.00 for the box of candy he takes to the other girl is because his wife would fuss with him if he purchased anything expensive.

George Stallions says the easiest way to convince a woman is to agree with her.

St. Stallions says life is full of contradictions, but we never realize it until we get married.

Albert Elder says the trouble with a woman is that when she is crying you don't know whether to sympathize with her or congratulate her.

Robbie Haynes says another one of our most talented lars is the fellow who stands around a bar and tells you that he and his wife never have any trouble because he never asks her where she spends her time, and she never asks where he spends his.

Newt Dollar says when a girl has a new ten cent store diamond ring on her finger, she simply can't keep her hand away from her face.

Emma Watson says father is supposed to be the head of the household, but when mother has completed the Monday morning's washing, give the line a glance over and you will see about a hundred yards of white skirts, corset covers, stockings, gause vest, etc., that father couldn't wear; and down at the end of the line in a shady corner you will see two old socks a ragged undershirt and torn handkerchief. That is father's share of the washing.

## FOR RHEUMATIC- NEURALGIA PAINS

**Rheuma Dissolves the Uric Acid Which Settles in the Tissues of Tender Nerves.**

Rheumatic-neuralgia is one of the most painful forms of rheumatism. It is due to weak kidneys allowing a settlement of uric acid in the tissues of

the body near the tender nerves. There is no swelling or fever, but agonizing pain. Locomotion may be made the pain, but the disease must be cured through the kidneys.

Rheuma, the splendid remedy for all forms of rheumatism, quickly dissolves the uric acid crystals and passes them off through the kidneys and bowels, and the immediate relief is pronounced that you won't guess you are being rid of rheumatism—you will know it.

"I suffered with rheumatic neuralgia for six years. Tried different remedies, but was not benefited until I used Rheuma. I have taken three bottles and am entirely free from the disease. I was so bad I could not sleep nights; now I sleep well, and my kidneys work perfectly."—P. W. Miller, Catawissa, Pa.

J. H. Orme and all druggists sell Rheuma, and will return your money if not satisfied. It is inexpensive, but worth many times its cost.

## STOP BUYING EXPENSIVE COUGH REMEDIES

## Make the Best at Home

Money spent for the old style, ready-made, cough syrups in bottles holding only 2 to 2½ ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost.

Merely go to J. H. Orme's Drug Store and ask for 2 ounces (.50c worth) of Schiffmann's Concentrated Expecto-rant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchial Asthma, Bronchitis, croup, hoarse-ness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep on hand in case of emergency and stop each cough before it gets a firm hold. The above druggist has been authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under this positive guarantee.

## ALLIES WILL BUY HEAVILY OF WOOLENS HERE

Want Sweaters, Gloves and Stomach Bands for Immediate Delivery to Their Armies.

New York, Nov. 24.—Agents for the British and French governments announced here today that they were in the market for 1,350,000 wool sweaters, 600,000 wool stomach bands, 1,600,000 wool gloves and 500,000 pairs of wool socks. In order to determine where such an enormous quantity of woolen goods might be purchased quickly an advertisement was placed in a commercial newspaper. It was said that the goods were wanted for prompt delivery, that orders would be given immediately and that payment would be made in cash for goods delivered in New York.

The wholesale value of the goods wanted is more than \$2,000,000.

## NATION'S LABOR PROBLEM

OVER A MILLION AND A HALF WOMEN WORK AS FARM HANDS IN THE UNITED STATES.

By Peter Radford

Lecturer National Farmers' Union.

Our government never faced so tremendous a problem as that now lying dormant at the doors of congress and the legislatures, and which, when aroused, will shake this nation from center to circumference, and make civilization hide its face in shame. That problem is—women in the field.

The last federal census reports show we now have 1,514,000 women working in the field, most of them south of the Mason and Dixon line. There were approximately a million negro slaves working in the fields when liberated by the emancipation proclamation. We have freed our slaves and our women have taken their places in bondage. We have broken the shackles of the negroes and welded them upon our daughters.

**The Chain-Gang of Civilization.**  
A million women in bondage in the southern fields form the chain-gang of civilization—the industrial tragedy of the age. There is no overcast quite so cruel as that of unrestrained greed, no whip that stings like the lash of suborned destiny, and no auctioneer's block quite so revolting as that of organized avarice.

The president of the United States was recently lauded by the press, and very properly so, for suggesting mediation between the engineers and railroad managers in adjusting their schedule of time and pay. The engineers threatened to strike if their wages were not increased from approximately ten to eleven dollars per day and service reduced from ten to eight hours and a similar readjustment of the overtime schedule. Our women are working in the field, many of them barefooted, for less than 50 cents per day, and their schedule is the rising sun and the evening star, and after the day's work is over they milk the cows, slop the hogs and rock the baby to sleep. Is anyone mediating over their problems, and to whom shall they threaten a strike?

Congress has listened approvingly to those who toll at the forge and behind the counter, and many of our statesmen have smiled at the threats and have fanned the flame of unrest among industrial laborers. But women are as surely the final victims of industrial warfare as they are the burden-bearers in the war between nations, and those who arbitrate and mediate the differences between capital and labor should not forget that when the expenses of any industry are unnecessarily increased, society feels the bill by drafting a new consignment of women from the home to the field. Pinch no Crumb From Women's Crust of Bread.

No financial award can be made without someone footing the bill, and we commend to those who accept the responsibility of the distribution of industrial justice, the still small voice of the woman in the field as she pleads for mercy, and we beg that they pinch no crumb from her crust of bread or put another patch upon her ragged garments.

We beg that they listen to the scream of horror from the eagle on every American dollar that is wrong from the brow of tolling women and hear the Goddess of Justice hiss at a verdict that increases the want of woman to satisfy the greed of man.

The women behind the counter and in the factory cry aloud for sympathy and the press thunders out in their defense and the pulpit pleads for mercy, but how about the woman in the field? Will not these powerful exponents of human rights turn their talent, energies and influence to her relief? Will the Goddess of Liberty enthroned at Washington hold the calloused hand and soothe the feverish brow of her sex who sows and reaps the nation's harvest or will she permit the male of the species to shove women—weak and weary—from the broad-line of industry to the back alleys of poverty?

**Women and Children First.**  
The census enumerators tell us that of the 1,514,000 women who work in the fields as farm hands 409,000 are sixteen years of age and under. What is the final destiny of a nation whose future mothers spend their girlhood days behind the plow, pitching hay and hauling manure, and what is to become of womanly culture and refinement that grace the home, charm society and enthrone man to leap to glory in noble achievements if our daughters are raised in the society of the ox and the companionship of the plow?

In that strata between the ages of sixteen and forty-five are 950,000 women working as farm hands and many of them with sucking babes tugging at their breasts, as anched in perspiration, they wield the scythe

and guide the plow. What is to become of that nation where poverty breaks the crowns of the queens of the home; despair hurls a mother's love from its throne and hunger drives innocent children from the schoolroom to the noce?

The census bureau shows that 155,000 of these women are forty-five years of age and over. There is no more pitiful sight in civilization than these saintly mothers of Israel stooped with age, drudging in the field from sun until sun and at night trenching their dingy pillows with the tears of despair as their aching hearts take it all to God in prayer. Civilization strikes them a blow when it should give them a crown, and their only friend is he who broke bread with beggars and said: "Come unto me all ye that are weary and heavy laden and I will give you rest."

Oh, America! The land of the free and the home of the brave, the world's custodian of chivalry, the champion of human rights and the defender of the oppressed—shall we permit our maidens fair to be torn from the hearthstone by the ruthless hand of destiny and chained to the plow? Shall we permit our faithful wives, whom we covenanted with God to cherish and protect, to be hurled from the home to the harvest field, and our mothers dear to be driven from the old arm chair to the cotton patch?

In rescuing our citizens from the forces of civilization, can we not apply to our fair Dixie land the rule of the sea—"women and children first?"

There must be a readjustment of the wage scale of industry so that the women can be taken from the field or given a reasonable wage for her services. Perhaps the issue has never been fairly raised, but the Farmers' Union, with a membership of ten million, puts its organized forces squarely behind the issue and we now enter upon the docket of civilization the case of "The Woman in the Field" and demand an immediate trial.

## RAILROADS APPEAL TO PRESIDENT

The Common Carriers Ask for Relief—President Wilson Directs Attention of Public to Their Needs.

The committee of railroad executives, headed by Mr. Frank Trumbull, representing thirty-five of the leading railroad systems of the nation, recently presented to President Wilson a memorandum briefly reviewing the difficulties now confronting the railroads of the country and asking for the co-operation of the governmental authorities and the public in supporting railroad credits and recognizing an emergency which requires that the railroads be given additional revenues.

The memorandum recites that the European war has resulted in general depression of business in the American continent and in the dislocation of credits at home and abroad. With revenues decreasing and interest rates increasing the transportation systems of the country face a most serious crisis and the memorandum is a strong presentation of the candle burning at both ends and the peril that must ultimately attend such a configuration when the flames meet is apparent to all. In their general discussion the railroad representatives say in part: "By reason of legislation and regulation by the federal government and the forty-eight states acting independently of each other, as well as through the action of a strong public opinion, railroad expenses in recent years have vastly increased. No criticism is here made of the general theory of governmental regulation, but on the other hand, no ingenuity can relieve the carriers of expenses created thereby."

President Wilson, in transmitting the memorandum of the railroad presidents to the public, characterizes it as "a lucid statement of plain truth." The president recognizing the emergency as extraordinary, continuing, said in part:

"You ask me to call the attention of the country to the imperative need that railway credits be sustained and the railroads helped in every possible way, whether by private co-operative effort or by the action, wherever feasible of governmental agencies, and I am glad to do so because I think the need very real."

The conference was certainly a fortunate one for the nation and the president is to be congratulated for opening the gate to a new world of effort in which everyone may co-operate.

There are many important problems in our complex civilization that will yield to co-operation which will not lend themselves to arbitrary rulings of commissions and financing railroads is one of them. The man with the money is a factor that cannot be eliminated from any business transaction and the public is an interested party that should always be consulted and happily the president has invited all to participate in the solution of our railroad problems.

## British Ships Disabled.

Berlin, Nov. 24.—According to information given officially to the press to-day, reports reaching Berlin from Geneva set forth that the British torpedo boat destroyer Falcon, the cruiser Brilliant and the sloop of war Rinaldo have been disabled by German guns on the Belgian coast.

## MEAZLE SPRINGS

Webster County, Kentucky, near Hopewell School House on Jack Braden's farm, nice shady yard, seven springs.

Repton, Ky., May 14th, 1913.—To whom it may concern: I hereby state that I have visited Dawson Springs and have drank the water for the last 18 years, and the Meazle water has done me more good, for rheumatism and kidney trouble, than Dawson water did, and I find Meazle Water to be the best thing I ever used.—D. S. Babb.

This mineral water is very useful as a laxative, cathartic and purgative in constipation, torpid liver, biliousness, dyspepsia, sick headache, rheumatism, indigestion, etc. This water will be shipped anywhere in the United States.

G. W. ARFLACK, Agent.

## Prompt Action Will Stop Your Cough.

When you first catch a Cold (often indicated by a sneeze or cough), break it up at once. The idea that "it does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. It seemed to reach the very spot of my Cough." is one of many honest testimonials. 50c at your druggist.

Aunt Plina Paris visited her son, J. B. Paris, Friday night.

There was a large crowd at prayer meeting Thursday night. Come back again and bring some one with you.

Wyatt Hunt, wife and son, Paul, visit in the Pleasant Hill section Saturday night.

There was a box supper at Midway Saturday night. The proceeds of which are to purchase more lamps for the school house. But on account of the rain, the crowd was small.

Paulene, the little daughter of Kirby Paris, is quite sick.

We notice that Piney Creek wanted Midway to come on to the front. We think it is a head of Piney Creek as we have a good prayer meeting, and we think that is a quite a lot.

Most all the corn is gathered in this vicinity but some shock corn is still out yet.

Mrs. Ellen Duffey was quite sick last week.

## PUBLIC SALE.

## CHAPEL HILL

Mesdames R. C. Hayees and J. N. Hill were guests of Mrs. W. W. Ward, of Crayne, Tuesday.

Rev. Harry Shelton was through this beat last week and preached at Chapel Hill last Sunday. Bro. Shelton was on his way to Oklahoma, his future home.

Mr. and Mrs. James A. Hill invited the young people of Chapel Hill Sunday School classes to a Thanksgiving dinner and the boys got their girls and away they went, and you bet they had a jolly good time. Every one was well pleased and well filled.

Corn gathering is the order of the day in this precinct. Corn is turning out better than was expected.

Wheat is looking fine; young grass looking well; some rye has been sown in this beat which will be fine next spring for greasing.

The Assessor was through this beat taking the boys' list. Mr. Thompson seems to be a very nice gentleman and I am sure that he is. So come around again Mr. Thompson, about next November, 1915.

Burrell Walker, Jr. is building a new chicken house. Burrell is going into the poultry business. There is more in poultry than tobacco. So I see where you are right.

Mr. Step, who left here last spring, has returned home, and will move to the Jennings place next year and make a crop.

Mrs. Josie Minner was in the Oak Grove neighborhood last week to see her mother, who has had a paralytic stroke. She was in a critical condition when last heard from.

A fine cow belonging to T. M. Hill, died last week. The cow was in a stalk field.

Della Bigham is in Arkansas looking

out a location to move to in the near future, if he likes.

W. W. Ward and family will move to the W. L. Adams place next year.

## Receive Warning.

Rockport, Ky., Dec. 1.—Look-out; washerwomen will hang to a line if they don't charge the following price for washing. This is a possum hunting him a place to stay all winter.

The above notice was posted in several places in Rockport and has caused a reign of terror among the negro women who wash for a living. The notice continues to give the price to be charged for each garment washed.

A significant fact is that the warnings are being obeyed.

## Be Careful What You Say.

In speaking of a person's faults, Pray don't forget your own; Remember those with homes of glass Should seldom throw a stone, If we have nothing else to do But talk of those who sin, 'Tis better we commence at home, And from that point begin.

We have no right to judge a man Until he's fairly tried; Should we not like his company, We know the world is wide; Some may have faults, and who have not?

The old as well as young— Perhaps we may, for aught we know, Have fifty to their one.

I'll tell you of a better plan, You'll find it works full well; To try my own defects to cure Before of others tell, And though I sometimes hope to be No worse than some I know' My own shortcomings bid me let The faults of others go.

Then let us all when we commence To slander friend or foe, Think of the harm one word would do To those we little know; Remember, curses, sometimes, like, Our chickens, "roost at home," Don't speak of others' faults until We have none of our own.

—Louisville Times.

## He Merely Didn't Think.

He used to let his poor old mother go and carry in the wood. She was just a packhorse for him, but he never understood: Never thought of bringin' water from the spring down by the lane Or helpin' her to gather in the clo's before the rain: Let her keep a-waitin' on him, though her back was achin' so— 'Twasn't cause he didn't love her—he just didn't think, you know.

Then he went away and married—left her livin' there alone— 'Course his wife she didn't want her—she had people of her own— And he carried in the kindlin' and he built the fires, too, And to tell the truth, I dunno what there was he didn't do— Had to hustle now, I tell you! Got to thinkin', too, at last That he might have been a little mite more thoughtful in the past.

After while the weary mother put her burdens all away, And we went and heard the preacher praise the poor old soul one day, And I stood and looked down at her when they pushed the lid aside— Poor old hands! I didn't wonder that her boy sat there and cried Just as if he couldn't bear it—just as if his heart'd break— He had kind of got to seein' what she suffered for his sake.

There's a lot of kinds of sinnin' that the Good Book tells about— Sins concernin' which a body needn't ever be in doubt, But there's one sin that I reckon many a man who doesn't think Will be held to strict account for when he goes across the brink— For the wrong that's done a person by another's want of thought Hurts as much as though the injured was the victim of a plot.

—S. E. Kiser, in Chicago Times-Herald.

## Woman Falls To Death Trying To Save Her Dog.

St. Paul, Dec. 1.—When Mrs. F. Price, wife of a well known Minneapolis business man, rushed to the foot of a 100 foot embankment near the Town and Country Club here to-night to save her French Poodle, which stood looking over the brink, the earth beneath her crumbled. A terrified scream attracted her husband who was busy with his motor car nearby, and he reached the spot just as she plunged through the darkness to her death.

The dog also fell, but was uninjured.

## St. Louis Firms Bid For Army Shirt Contract.

St. Louis, Dec. 1.—Bids for 1,700,000 flannel army shirts for British soldiers were submitted by several St. Louis firms today. The contract which is to be awarded next week will amount to more than \$2,000,000, it is thought.

An order for 7,000 sets of artillery harness, costing \$175,000 was given to a St. Louis manufacturer today. Shipments of the saddles is to begin next week. Another firm announced to-night it had just shipped 43,000 suits of underwear for army use to Amsterdam and 12,000 blankets to Mexico.
